Sennheiser Speakerphone Series

## Experience Sennheiser

Perfection is always relative: Users have different expectations from their headsets and speakerphones depending on their needs. For professional users, that need is to communicate as effectively as possible.

With Sennheiser's range of headsets and speakerphones, the combination of Sennheiser sound leadership, quality design and build – and a focus on real life usability – give the best performance possible in Offices, Contact Centers and Unified Communications environments.

## Strategic Alliances

Sennheiser works with strategic alliance partners to ensure that our headsets and speakerphones are easy to deploy and are fully compatible with all major Unified Communications platforms and desk phones.

Sennheiser headsets and speakerphones are thoroughly tested with our partners for compatibility and optimal acoustic performance.

## Try our Headsets

Try a Sennheiser headset and experience the difference for yourself.

The Sennheiser professional trial program gives you the opportunity to test our range of headsets and speakerphones before you decide on the best choice for your Office, Contact Center or Unified Communications solution.
